

INTELLIGENCE	MY STRENGTHS
Verbal-Linguistic	<p>I like writing stories at home! In Fact I am writing a book I am going to publish called "Chronicles of Mysterious Stories"</p> <p>It has taken some time and I think I could have gotten this in the test instead.</p>
Logical-Mathematical	<p>I love coding and problem solving and other different things that consist of a lot of math mathematics such as the cartesian plane and more.</p>
Visual-Spatial	<p>I do like drawing, I have a sketch-pad where I often draw but in terms of graphic <u>organizers</u>, I would give myself zero*.</p> <p style="text-align: right;">*My mum agrees.</p>
Music-Rhythmic	<p>I play guitar and take lessons and play every day. I have a band with my friends. I got very high in Music-Rhythmic and would enjoy it if I got that.</p>
Body-Kinesthetic	<p>I play lot's of sports including soccer and basketball, I also was introduced to other sports by my friends such as footy, but I enjoy any physical activity, whatever it is.</p>
Interpersonal	<p>I have a lot of friends and can make new friends easily(I have made quite a few this year and the year before!) But to be true... 90% of my friends come from me playing sports with them. Because you need something in common with your friends! And sports made me loads.</p>
Naturalist	<p>I go camping with my family every year a couple of times and enjoy it alot. I like being outdoors and seeing new animals as I learn about them.</p> <p style="text-align: center;">FUN FACT: Koalas have two thumbs!</p>
